

## 1 Shopping Cart

On our product page, we offer a seamless shopping experience that allows user to effortlessly add products to cart. Once an item is added, user will be automatically redirected to the cart page where all the product details are displayed. Additionally, a concise summary of your selections is conveniently provided on the right side of the page for easy review.

If a product is out of stock (stock count is 0), the option to add it to your cart will be disabled.

If a product is still uploading (we still wait for the "purchasemode" response from world), the option to add it to your cart will be disabled and showed as "product uploading".

The screenshot shows a user interface for a shopping cart. At the top, there is a navigation bar with links for 'menu', 'Home', 'Products', 'Seller home', 'Track my orders', 'View my cart', and 'log out'. Below the navigation bar, there are two product items in the cart:

- MACBOOK AIR**  
Seller: APPLE  
Product description: Apple macbook air 256 GB  
Price: \$1999.0  
Quantity: 1  
Delete button
- Iphone 15**  
Seller: APPLE  
Product description: Apple iphone 15 256 GB  
Price: \$999.0  
Quantity: 1  
Delete button

To the right of the products, there is a summary card:

<b>Summary</b>
<b>Cart Overview</b>
Products price = \$2998.0
Delivery price = \$ 0 (order more than 100, deliver for free)
Total price = \$2998.0
<b>Check out!</b>

We also support adding multiple products and increasing the quantity of each item in cart. Additionally, users have the option to remove products from cart whenever necessary.

The screenshot shows a summary card for a cart containing multiple products:

<b>Summary</b>
<b>Cart Overview</b>
Products price = \$2002.98
Delivery price = \$ 0 (order more than 100, deliver for free)
Total price = \$2002.98
<b>Check out!</b>

The summary card displays the total price of your cart, including the delivery fee. For orders over \$100, the delivery fee is waived. For all other orders, a delivery fee of \$3.99 applies.

The screenshot shows a summary card for an empty cart:

<b>Summary</b>
<b>Cart Overview</b>
Products price = \$0
Delivery price = \$ 3.99
Total price = \$3.99
<b>Nothing in cart, add now</b>

Clicking the "Check Out" button will take user to the checkout page. If cart is empty, a message stating "Nothing in cart, add now" will appear, and user will be redirected to the products page to browse and add items.

## 2 Check out page

### Checkout

**Billing address**

Username: JINGXUAN  
Email: JOURDAN.LJXX@GMAIL.COM  
Address X: 1234 Main St  
Address Y: Apartment or suite  
UPS account: None

**Continue to checkout**

On the checkout page, users can conveniently input their delivery and payment information. On the right side of the page, they'll find a summary displaying the products in cart along with the total price.

## 3 Track order

The screenshot shows the WeShop order tracking interface. At the top, there's a navigation bar with the WeShop logo, a search bar, user profile 'JINGXUAN LI', and a 'log out' button. Below the navigation is a menu bar with 'menu', 'Home', 'Products', 'Seller home', 'Track my orders', 'View my cart', and 'log out'. The main content area is titled 'Order Details' and displays the 'Order ID: #51'. It includes fields for 'Total Price: 111.0', 'Shipping BY: UPS', 'Status: packed', and 'Address\_x: 1' and 'Address\_y: 1'. Below these details are four circular status icons: 'Order confirmed' (blue checkmark), 'Picked by courier' (person icon), 'On the way' (truck icon), and 'Ready for pickup' (bag icon).

We also offer an order detail page where users can view their order specifics and track the status of their order in real time

## 4 Recommend products related to order

The screenshot shows the 'Recommend for you' section on the WeShop platform. It features four product cards: 1. LV Onthego: Pink monogram leather tote bag. 2. LV Nano: Small beige monogram shoulder bag. 3. Chanel 22 bag: Large orange quilted leather tote bag with gold chain strap. 4. Chanel coco h: Black quilted leather shoulder bag with gold chain strap. Each card includes product details: name, seller, product description, type, price, remaining stock, and an 'Add to cart' button.

Product	Seller	Description	Type	Price	Stock
LV Onthego	APPLE	lv bag	bag	\$4999.0	100
LV Nano	APPLE	lv bag	bag	\$2999.0	100
Chanel 22 bag	CHANEL	CHANEL bag	bag	\$5999.0	100
Chanel coco h	CHANEL	C	bag	\$5999.0	100

At the bottom of the order detail page, user will find our "Recommend for You" section. This feature suggests similar products related to the items in their order, offering users the convenience of adding these recommended products directly to their cart.

## 5 Seller home section

In our website, we allow user to register as sellers and upload their own products to the website. User can enter their seller name to register as a seller and start sharing their products with the world.

#### Manage My products

Here, you can efficiently view and manage your products.

View all my products

After registration, they will be redirected to the seller's homepage where users can access two key features: manage products and upload new products.

## a. Upload products and product pictures

The screenshot shows a form for uploading a product. The fields include:

- Product name: Litter product name (input field)
- Product type: Bag (dropdown menu)
- Product stock: Enter number of products (input field)
- Product price: 0 (input field)
- Warehouse ID: Choose your warehouse id (input field)
- Product description: Enter product description (input field)
- Product Image: Choose file (input field) showing WechatIMG648.jpeg
- Upload product button (blue button)

On the 'Upload Products' page, sellers can list their items by entering product details such as type, name, stock levels, price, warehouse ID, and a description. **Sellers can upload their product pictures.** Once submitted, these products will appear on the main products page, ready for customers to purchase.

## b. Manage products

The screenshot shows a list of three products uploaded to the platform:

Product Image	Product Name	Brand	Description	Price	Stock
	LV Backpack	APPLE	LV bag.	Price:\$3999.0	Remaining Stock: 100
	LV Onthego	APPLE	lv bag.	Price:\$4999.0	Remaining Stock: 100
	LV Nano	APPLE	lv bag.	Price:\$2999.0	Remaining Stock: 100

After upload, seller can see their products in manage products page.

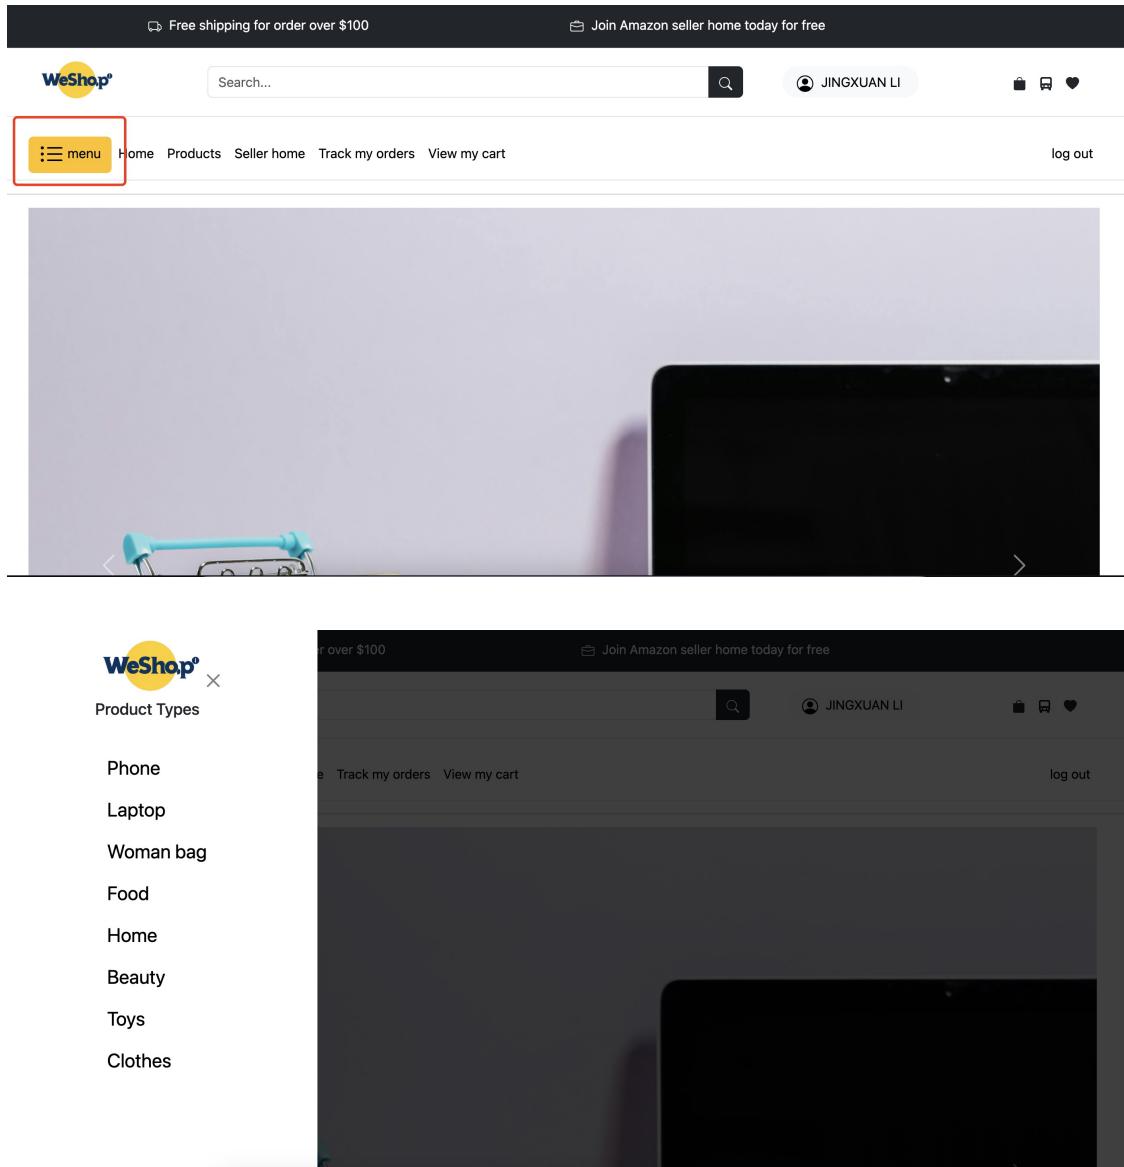

## 6 Search function

Each page features a navbar with a search function, allowing users to easily find products by keyword. Upon clicking the search button, they will be directed to the products page, which displays all relevant search results.

The screenshot shows the WeShop platform interface. At the top, there is a navigation bar with the WeShop logo, a search bar containing 'Search...', and user information for 'JINGXUAN LI'. Below the navigation bar, there is a secondary header with links for 'menu', 'Home', 'Products', 'Seller home', 'Track my orders', 'View my cart', and 'log out'. A banner at the top of the main content area says 'Free shipping for order over \$100' and 'Join Amazon seller home today for free'. The main content area displays search results for 'apple'. There are three product cards shown:

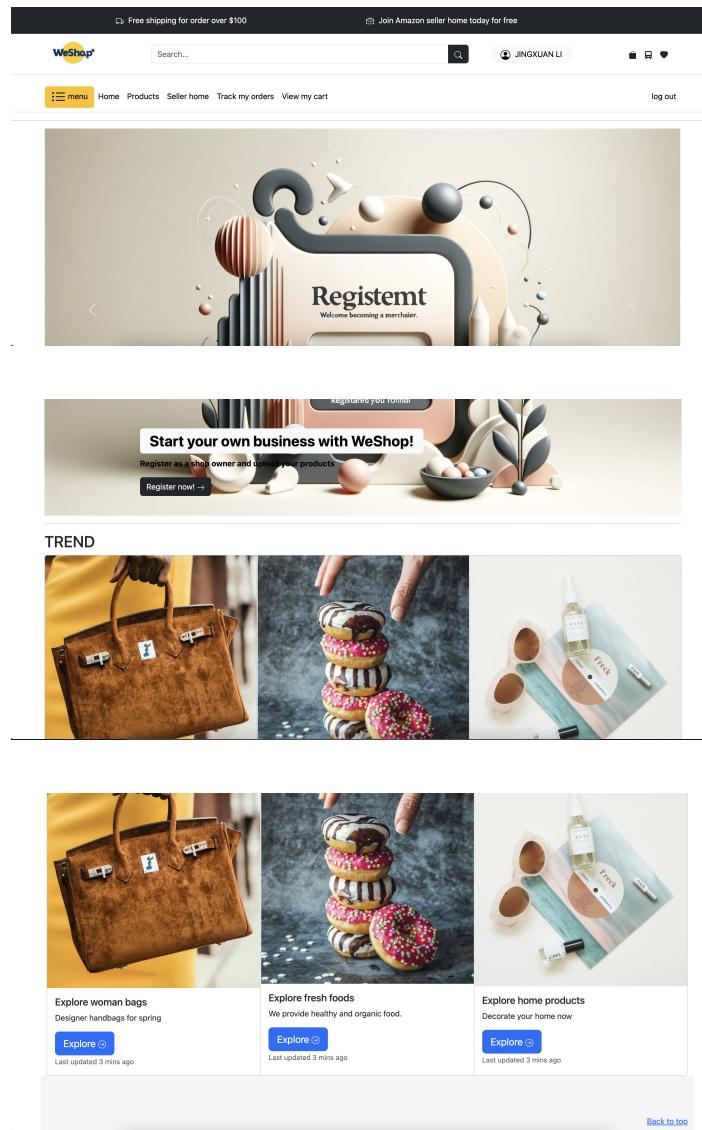

- Iphone 15**  
APPLE  
Apple iphone 15 256 GB.  
Price:\$999.0  
Remaining Stock: 100
- MACBOOK AIR**  
APPLE  
Apple macbook air 256 GB.  
Price:\$1999.0  
Remaining Stock: 100
- MACBOOK PRO**  
APPLE  
Apple macbook PRO 256 GB.  
Price:\$2999.0  
Remaining Stock: 100

## 7 Menu sidebar

Each page includes a sidebar that enables users to quickly navigate to specific product categories. After selecting a category and pressing the search button, users will be redirected to a products page that displays items exclusively from the chosen category.

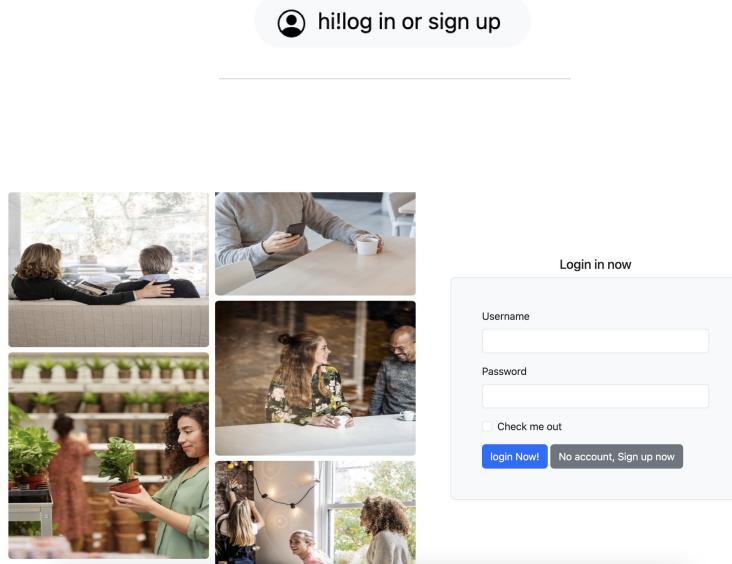

## 8 Homepage

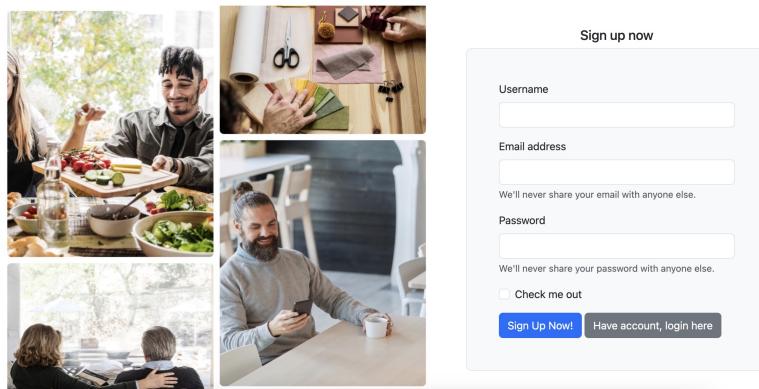

Our website homepage uses a sliding window design and provides multiple entry points for users to quickly access the pages they want to visit.

## 9 login in and sign up page

We also feature functions for logging in, logging out, and signing up. If a user is not logged in, the homepage will display as described below, with a link that directs to a login page as outlined below:

If you don't have an account, simply click "Sign Up Now" to be directed to the sign-up page. There, the information you provide will be verified: the email must be in the correct format, the username must be unique, and the password must contain at least 8 characters.

If you are already logged in, the homepage will display your username, and a logout button will be available to allow you to easily log out.
